Attention All Dog Owners...It's Our Duty to Pick Up the Doodie

- Poop bag canister cleverly reminds us to keep our world a little bit cleaner. -

May 10, 2017 - Simsbury, CT - The next time nature calls your four-legged family member, don't go out empty handed; be prepared and grab an eco-friendly poop bag from Poochie-Pets' convenient, pop-up, countertop canister dispenser. Made for all dog-friendly homes, each canister is designed with decorative, clever words that convey its purpose and ease in spotting. This stay-at-home (or in your car) dispenser provides you with easy access to and an organized solution for containing doggie poop bags.

"We're all familiar with the small poop bag holders we either carry or attach to a leash while walking our dogs." Cheryl Pedersen, president of Poochie-Pets said. "This one-of-a-kind countertop dispenser keeps bags neat and readily available at a moment's notice, while eliminating the need to reach for grocery bags or your swinging leash accessory. The whimsical graphics are fun for all ages of dog owners, appealing to millennials through empty-nesters, who not only appreciate a clean environment, but also don't take the business of cleaning up after their pooch too seriously."

With a top that lifts for ease in refilling, the cylinder-shaped, grey, blue and cream canister comes prefilled with 75 large (9" x 13"), eco-friendly, imprinted bags. Measuring 9" tall by 3" wide and made of heavy-weight cardboard, when one bag is dispensed from the canister's top, a new one appears...ready to grab and go. Available March, 2017. MSRP: \$9.99 wholesale.poochie-pets.net
